

FREE DESIGN RENOVATE DECORATE SEMINARS

LOCATED IN
**HALL
2**

DAILY TIMETABLE: Wednesday 6 - Sunday 10 September 2017

10.30am | Kitchen Renovation – from inspiration to installation

This seminar will guide you through the key decisions that you will be asked to make at all stages of the project from 'Inspiration to Installation'.

Paul Collins – Kitchen Studio

11.00am | Bringing together a Colour Scheme with Confidence

Learn how to use your favourite colours confidently and how to make the most of your space with clever yet simple ideas, tips and tricks that you can try for yourself.

Sarah Gregory – Resene

11.30am | Stress Free Bathroom Renovations

Renovating your bathroom can be disruptive and stressful. Let Kevin walk you through the process to ensure you get the ideal result with minimal stress.

Kevin Cox – Bathroom Designer

12.00pm | Your Auckland Garden & Outdoor Space

Paul showcases the latest trends and options for outdoor spaces and takes you through the process from concept through to construction and aftercare, taking into account family space, longevity, budget and value.

Paul Gallagher – Landscape Architect at Mace Landscapes

12.30pm | Interior Design Trends – what's hot in colour and design and how to make it work for you

Amanda shares the most recent trends on colour and design and give you hot tips on how to pull together an interior design scheme for your project.

Amanda Neill – Designworx

1.00pm | The Do's & Don't's of New Home Building & Renovations

With 30+ years building experience, Murray will point out a few important 'do's and don'ts' to help make your project more enjoyable and successful.

Murray Kee – Finesse Residential

1.30pm | Renovating Your Kitchen – 9 things to watch out for

With John's extensive experience he'll tell you what to look out for when planning your kitchen renovation or new build to avoid costly mistakes.

John Van Doormaal – Innovative Kitchens

2.00pm | Transform your Outdoor Living Space

Learn how to ensure your outdoor living area makeover suits both your lifestyle and your budget. Options incl. decking, pergolas, balustrades, retaining walls and more.

John Weatherley – Sunvue

2.30pm | Redefining the Way We Live - An Intro to PassivHaus Design and Construction

Informative seminar about the key PassivHaus principles, an overview of construction along with the incredible comfort and health benefits these homes offer. If you are after a home that can save up to 90% in heating energy, and guaranteed to stay at an even temperature all year round - then come along to learn more.

Jon Illiffe & Baden Brown – eHaus

3.00pm | The Secrets of Great Home Design

Explore secrets of the Great Masters of Design. Learn what makes some homes timeless while others slip past their 'use by date'. Probe the enigma of colour and why some become liabilities while others remain an asset. Go beyond trendiness and soar above fashion to discover deep principles which will work magic for your project.

Chris Brauchli – Admira Design Group

3.30pm | Introduction to Universal Design for Bathrooms

Sean shares universal design principles for all bathrooms to ensure they have all the necessary functions required whilst still remaining highly aesthetic.

Sean Paterson – SA Plumbing

4.00pm | Property Investor Opportunities & What Makes a Successful Development?

Hear about the changing market, what this means for property investors; how to make the most of your investment; case studies of successful projects and why they worked; understanding council interplays and the complexities of development.

Bayard McKenzie – The Development Collective
